

Things I can do with my child

- **PLEASE** Read as often as possible!
- Help your child to learn the tricky words
- Practise mental addition and subtraction. Counting on from two digit numbers.
- Practise counting in 1s, 2s, 5s and 10s forwards and backwards
- Discuss the materials you see around the house/ out and about. E.g. what is that railing made of? Why do you think it is made of metal?
